

Thank you for choosing New England Sports Camps! Below is some preliminary information to help you and your athlete be prepared for NESC. As we get closer to the start of camp you will receive emails with any additional detailed information you may need. Please check our website newenglandsportscamps.org and follow our Facebook page @newenglandsportscamp for regular updates and information.

Check in and check out

Check in for day camp athletes is 8:00am Wednesday - Friday at the Maine's Fenway field. Upon check in Monday each athlete will receive their NESC apparel and water bottle. Parents must check their athlete in with a staff member before leaving. Please note that check in does not open until 8:00am, families that show up early are not to leave their athletes with staff any earlier than 8:00am.

Check out for day camp athletes is 4:00pm Wednesday-Thursday and 1:00pm Friday. There will be a final games and skills session starting at 11:00am that parents are encouraged to come and watch. Following the game will be an ice cream social for athletes and their families. Before leaving parents must sign out their athlete with a staff member and will need to provide a photo ID each time. Only people who are listed in the registration paperwork and emergency contacts can sign out an athlete. Alterations to this list can be made by the parent at check in.

Meals

Lunch is provided for day camp athletes Wednesday-Thursday.

Morning and afternoon snacks are provided for all athletes Wednesday-Friday and there are places to refill water bottles and frequent water breaks.

Electronics

We are dedicated to providing an outdoor experience without the distractions of electronics; therefore, we require all electronic devices be left at home. There is an office phone that athletes can use when they want to. We do encourage them to save phone calls for meal times so they do not miss camp activities.

Medications and Physicals

You must list ALL prescription medication AND over-the-counter medication your child takes on the health history form. All medications should be in the original container with the original label listing the prescription information clearly. DO NOT send medication in other containers - they cannot be administered to your child.

Every year your child attends New England Sports Camps he or she will need to submit two Health Forms: The NESC Health Form, part of which must be filled out by the child's physician, and a copy of your child's physician-completed physical dated within 24 months of July 1st 2019.

A Wilderness First Responder is on site 24/7 and is the only staff member who can administer medications to athletes. They are also available to help with any other medicals needs the athletes may have. There is a small supply of over-the-counter pain relievers, anti-itch cream, digestive relief aids, etc. at camp. If an athlete requests a medication that is not listed on their medical form (i.e. Ibuprofen,

Tums, Hydrocortisone cream etc.) a staff member will call a parent or guardian and must get verbal permission before the medication can be given.
